

# SJV Data Solutions' Automated Court Data and Research

What if you could trust all of the court data you received from your court research provider?

**You can.** SJV was an early pioneer of automated court record mining and maintenance. Our team of technologists has used this process to build and maintain direct-sourced automated court research in nearly 1,800 county-level jurisdictions through real-time court data mining and formatting.

By bringing you close to the data, we offer industry-leading turnaround times, competitive pricing, and quality you can see because with SJV, there's nothing between you and the data.

## Automated Criminal Data & Court Research

- County Civil Court Records
- County Criminal Court Records
- Federal Civil Court Records
- Federal Criminal Court Records
- Sex Offender Registry Searches
- Statewide Criminal Records

## Do We Make a Difference for You?

- We provide a **complete html audit trail** and web snapshots of every automated search- that means you see every screen from the court our system analyzed to complete your research

- **You make the rules.** You decide how far back you want the search to go, what types of records you'd like to see, how many identifiers you require, etc. And you can do it on a by-customer basis
- Our commitment to providing you with **accurate completion estimates** based on historical data and artificial intelligence is unrivaled and gives you the transparency you demand
- **Real-time status updates** allow you to keep your clients in the loop throughout the process

## Stats That Matter

- SJV conducts more than 10 million automated searches per year
- 1800+ Automated Court Jurisdictions
- 93% of Automated Jurisdictions are Direct Sourced
- 98% on-time delivery of automated research

Imagine the simplicity of being able to manage your entire criminal research history search in one place. Simply combine your court data and criminal record search with our enhanced National Criminal Data to optimize efficiency and reliability.
