Continuous Criminal Monitoring

Your client employs a driver that gets arrested for DUI or a home healthcare worker that is arrested for theft or neglect. You and your clients need to know now! Now you can.

SJV Data Solutions has partnered with Appriss Insights to deliver CRAs the industry's first real-time **Continuous Criminal Monitoring** solution. This solution is easily deployed and simple to maintain via SJV's Employee Population Management platform. This is the best way to grow your business while by helping employers mitigate risk and create safer workforces.

Product Description
Continuous Criminal Monitoring is a post-hire technology for employers and CRAs that provides real-time alerts on criminal activity in a workforce population.

What is Continuous Criminal Monitoring?
Continuous Criminal Monitoring alerts you to potential criminal activity in real-time, throughout the duration of employment without the need to filter out noise and constantly monitor reports.
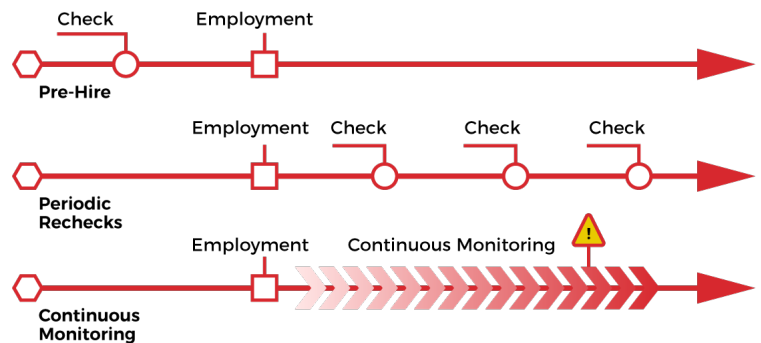

Product Differentiators
· SJV's Employee Population Management Platform
· Custom Workflows – only get notices that matter
· Data provides 85% coverage of the United States
· Identifiers Included for maximum possible accuracy

Population Management Platform
SJV'S Population Management Platform provides CRAs with exclusive access to real-time data for arrest, incarceration and booking, collected by Appriss Insights' proprietary data feed. You'll be alerted in real-time if one of your employees is booked. Just plug your employee roster into the platform and we'll take it from there.

Key Highlights
- **It's Nationwide** - SJV offers coverage in 45 states and more than 2,800 incarceration facilities
- **It's Current** - SJV's dataset updates every hour, and often as frequently as every 15 minutes
- **It's Extensive** - 160 million booking records and 1 million records added each month
